

Information about the Local Advisory Board at St Luke's CE Primary School – updated 28/11/25

St Luke's CE Primary School is a member of the Go Shine CE Federation. The Local Advisory Board (LAB) at St Luke's is a stakeholder voice group and provides a mechanism for local engagement with pupils, staff, parents, and the parish church / PCC to ensure that there is an awareness of the specific context of the school and the views of each stakeholder group. LAB members are not governors and so do not have legal responsibilities but support the Governing Body to carry out their responsibilities to the school.
